

January 2006 Newsletter

We have all been busy with year-end activities, commitments and forming new resolutions for improvement in the New Year. The Boosters, of course, have been busy with meetings, fundraisers and developing new ideas and suggestions to generate funds to meet the budget and include more parental involvement. Your attendance and input at our monthly meetings is encouraged.

Our last Newsletter indicated that our major fundraiser is the Fruit Sale. Enclosed is our last fruit sale order form for this season. Hopefully, you received the sale information prior to this mailing and have already placed your order. If not, there is no time to procrastinate, so please place your order by Saturday, January 28th. If you haven't tried the Pot Pies, now is a good time to stock up for the cold winter months we are sure to experience. While you're at it, might as well order a few hoagies to include with your order. Lunch is already prepared for you! Pick up is Saturday, February 11th.

Market Day is a new fundraiser for us, which started this past fall. This can be an extremely successful fundraiser, and one that continues monthly throughout the school year. Market Day information is distributed through the Home and School Newsletters and can also be found via www.marketday.com. For best results, you can order and pay online. Our account number is 22079. Please give it a try. The food is really, really good, and convenient, too. Try it, you'll like it!

Tupperware books will be distributed to each student in the near future. There are some new spring and summer items included, and will make nice shower or birthday gifts, or replacement items for you. We have done well with this fundraiser in the past. Please share the book with a friend or co-worker.

March 13th and May 1st are the scheduled dates for our Max and Erma's Restaurant, Fundraiser. Coupons will be available, through the Music Directors, or Music Boosters and must be presented when you go for lunch or dinner on our scheduled days, with the MMB receiving a percentage of sales. Let's make this another great success. (We did not have to set-up, wash, dry or put away any dishes!). Since there is no school on March 13th, you can try lunch, or an early dinner.

Last, but not least, our musicians continue to make us all proud. As you may know, our Marching Warrior Band placed Third at the State Championships held at Giants Stadium in November. The message of "autism awareness" was a touching and rewarding performance, and one that our school and community can truly be proud. Also, the PMEA instrumental auditions were a success, with a positive showing of Methacton musicians being selected for performance. See you at the next Music Boosters Meeting-2/14.
